WEB DEVELOPMENT PROJECTS

PORTFOLIO WEBSITE: https://j22shelton.github.io/SheltonPortfolio/ (Contains additional projects)

Global Retirement Calculator Project: https://j22shelton.github.io/Project_1/

-Developed Retirement app that allows users to find tailored international retirement solutions

-Utilized HTML, CSS, JavaScript, jQuery, and Firebase for database storage

-Incorporated Google and Numbeo API to pull useful statistics from different cities for calculations

-The **React version** uses MongoDB and Google OAuth sign-in technology:
